

PELLET HEATER

P163

This modern and stylish pellet heater is the perfect heating alternative for the modern home. With a Multifuoco System, ability to be ducted and dual fans this heater offers even heat distribution from floor to ceiling.

Thanks to the Natural Mode, you can turn off the forced air fan to switch to a natural convection operation, which is totally silent.

Available in two sleek modern colours, that will suit any décor. Pellet heating is up to 70% more efficient than traditional wood stoves and has significantly lower emissions levels. It's comfort with a conscience.
